

CitiPark have recently taken over the management of Watford's three main car parks : Sutton, Gade and Church are open 24/7 and are staffed 24/7. Their newly formed Control Centre team are on hand to support the Watford team and help manage the Pay Stations, help points, ANPR and CCTV camera systems. They are investing heavily in these town centre assets and you may already have seen significant improvements in the car parks

As a new business in the town and new members to Chamber they are offering the following discounts to our member companies and their staff.

The two different discounted options for Members are: (all prices include VAT):

1) Season Ticket – £90 per month at Gade and Church and £100 at Sutton - our season ticket enables unlimited readmissions, 24/7.

Members can save between 10%- 16% per month and pay only £90 per calendar month.

Payments are to be made every month in advance by direct debit or debit / credit card on a rolling payment plan. To cancel a customer must write to us at least one calendar month before the start of the next parking anniversary is due to commence. Terms and conditions apply – see attached.

Our new, hi-tech parking management system uses automatic number plate recognition (ANPR) so the barriers raise when the ANPR cameras read the number plates of the registered vehicles of season ticket holders.

To apply for a season ticket a Member applies online at: www.citipark.co/wawwhcc1

2) Day Permit - £4 for up to 24 hours.

For those people that do not drive regularly our Day Permit option may be more suitable. For only £4 per day members can park for up to 24 hours. Also with the Day Permit you can pay in advance to save queueing at the end of the day at one of the Pay Stations with coins, notes, chip & pin cards, contactless and Apple Pay. The savings with the Day Permit are 33% as it normally costs £6 for up to 12 hours.
